TO THE USERS OF THIS DIRECTORY

The informational material for *ACCESS II: A Guide to Massachusetts Post-Secondary Facility Libraries Serving Persons with Special Needs* was supplied by academic libraries throughout the Commonwealth in response to a questionnaire that was developed and distributed by the staff of the Board of Library Commissioners. The materials were compiled and edited by the staff into a format that we hope will be of assistance to blind, visually and physically disabled persons in location appropriate materials, equipment and services. Secondarily, we believe that this directory will be a valuable guide for agencies and libraries in directing disabled students to the resources that are available.

Finally, we would like to thank all of those persons who cooperated in this project by completing the survey questionnaire. For, without their assistance, this publication could not have become a reality.

Your comments, suggestions and corrections relating to ACCESS II are welcomed. If you would like additional information, please do not hesitate to contact our Consultant for the Physically Handicapped.

MASSACHUSETTS BOARD OF LIBRARY COMMISSIONERS

One of the functions of the Board of Library Commissioners' staff is to provide assistance in planning, coordination and consultant services to libraries, organizations and government in the development and implementation of library services to persons with disabilities. A resource collection of materials is available. It contains information on architectural accessibility, sources of materials, and existing library programs from around the county.

The Board has also provided grant assistance with Library Services and Construction Act monies to develop the materials resources and library service programs for blind and physically handicapped persons throughout Massachusetts. Specifically, LSCA funds have been used to fund projects at the Massachusetts Regional Library for the Blind and Physically Handicapped (Perkins), Talking Book Library (Worcester Public Library), Massachusetts Association for the Blind and many local libraries throughout the Commonwealth. For more specific information concerning our services and programs, please contact:
